

BAKER PLANS ARMY BY COMPULSORY TRAINING

Shopmen's Strike Threatens To Paralyze The Nation's Railroads

NATIONS' LEAGUE DISCUSSED; MANY HEAR ARGUMENTS

Col. Chipperfield and Ex-Senator Lewis Made Addresses.

Patrons of the Rock River Assembly heard the League of Nations discussed pro and con Saturday evening and Sunday afternoon, by two most able statesmen, each well qualified to discuss the many intricate questions concerning the proposed alliance.

Col. B. M. Chipperfield, former Congressman-at-Large from Illinois, who gave up all his personal business to enter the world war, and who saw much active service with the American Army in France, where he performed a world of real work, spoke Saturday evening, and he did not mince his words in stating that the United States has no business in becoming a part of the League.

Col. Chipperfield was introduced by Attorney Harry Warner of this city, and he spoke to one of the largest week-day audiences of the session, and his address was one of the most interesting features of the program thus far this season. Col. Chipperfield was the first Reserve Officer called for service. He was assigned to the Thirty-third Division at the time of its organization and served throughout the war and until the latter days of June of this year. He related in a most pleasing manner the experiences of the division to which he was attached and paid a most glowing tribute not only to those who served in the American forces abroad but to those who remained in the United States so faithfully and performed the duties allotted to them, which although not so dangerous were yet extremely essential in bringing about the results that were so successfully accomplished.

Col. Chipperfield referred to the statement of Gen. Haig to the effect that it was the British forces that won the war. He took issue with that statement, but without any criticism gave to each of the allied forces much credit for their valiant services and for the sacrifices that there was ample glory in the victory for all concerned.

At the suggestion of some of his friends here he referred briefly to the proposed League of Nations and expressed an opinion to the effect that the American Nation had always heretofore been able to conduct its own affairs without the entangling alliance which would be bound to result from the complicated provisions set forth in the terms of the contemplated arrangement. He doubted whether any benefit could possibly result to this country from a league of nations, and believed that great disaster might ensue. He stated that every nation in the world today had the highest opinion of the ability of the United States to properly defend herself and that the actions of

(Continued on Page 5.)

YOUNG MOTHER IS CALLED SUDDENLY SUNDAY EVENING

Mrs. Nellie Murphy passed away at the hospital last evening at 7:45, death resulting from an attack of heart failure. She was removed to the hospital at noon yesterday. Mrs. Murphy was born in Dixon, June 6, 1855 and was a daughter of the late John Duffy. She had lived in Dixon the greater part of her life with the exception of a few years spent in Chicago and Marengo.

On May 1, 1911, she was united in marriage to James Murphy of this city. She leaves to mourn her sudden taking her husband and five children: Elizabeth, William, Edward, Joseph and an infant daughter. Her mother, three brothers and four sisters also survive as follows: James Murphy of this city, John of Davenport, Hugh of Jerome, Idaho, Mrs. Michael McDonald of Highland, Ill., Mrs. William Tague of this city, Mrs. Emma Castholm of Davenport and Mrs. Alice O'Kane of Freeport. The funeral arrangements have been completed and will be announced later.

Mother of Dixonite Passed Away in Ky.

A telegram received here late Saturday afternoon announced the death at her home in Kentucky of the mother of Mrs. A. J. Lockett of the Central Oil Marketing Co. Mr. Lockett was en route to Wichita Falls, Tex., to look over some oil properties at the time the telegram was received, but he was finally located and the message forwarded to him. Mrs. Lockett will leave this evening for Hendersonville, Ky., where the funeral will be held tomorrow, and Mr. Lockett is now en route there.

50 Dixon Ladies Can Answer This Red Cross Appeal

A call to the Lee county Red Cross to supply as quickly as possible half a hundred "stump sox" for American soldiers now at Fort Sheridan who have lost either leg or arm, resulted in an appeal today by Chairman Mrs. J. M. McCleary for volunteers to knit the sox. She has all of the material at her home and has been devoting nearly all her time to knitting the sox, but she is unable to do it all and therefore asks the women who are willing to devote a little time to knitting one or two of the stump coverings to communicate with her at once. In case the volunteers find it impossible to call at her home to receive the yarn she will send it to them. The call is imperative, the cause most appealing and it is believed that the one request for volunteers will find response in the hearts of enough Dixon women to provide those fifty suffering American soldier boys with the required articles in record time. Mrs. McCleary's telephone number is 658.

DIXON ATTORNEY IS MADE ASSISTANT TO STATE ATTY. GENERAL

George C. Dixon Honored By Atty. General E. J. Brundage.

Attorney George C. Dixon of this city has been appointed an Assistant Attorney General of the State of Illinois by Attorney General Edward J. Brundage, the position having been tendered the Dixon man recently without any previous suggestion that he was being considered for the place by the head of the state's legal department.

The position, which Attorney Dixon has accepted, is one which offers very rare opportunities for development and advancement in the legal profession.

In Chicago Offices.

Owing to the great volume of state business in Cook county and vicinity, which requires attention in Chicago, the Attorney General maintains a suite of offices there, the suite being located in the Otis building, where several assistants are assigned. Experience has shown that a great deal of the constantly increasing volume of business of the state law department can be handled there to better advantage than at Springfield.

The Attorney General has arranged to have Mr. Dixon take up work in the department's Chicago office, and the acceptance of the appointment with the assignment to the Chicago office will enable him to continue his residence in this city and he will also be able to continue his practice here as a member of the firm of Dixon & Dixon, spending a portion of each week at his office in this city.

Unskilled Railway Labor May Strike

By Associated Press Leased Wire
Cleveland, O., Aug. 4.—Reports last night from Chicago that 25,000 members of the American Federation of Railway workers here and in the east chiefly unskilled labor, had decided to strike today, failed to materialize, according to reports from all local railroad yards that all but ten shopmen reported for work this morning.

Several leaders of unskilled labor organizations here denied any knowledge of a strike call for today.

Corn Drops 25 Cents in Less Than a Week

By Associated Press Leased Wire
Chicago, Aug. 4.—Grain and provisions crashed heavily downward today in value. Selling was on a large scale, influenced chiefly by the widespread agitation against the high cost of living. Within an hour, corn prices dropped 5 1/2c to 8c a bushel and pork \$1.25 a barrel.

December delivery of corn, the principal option fell to \$1.49 1/2, and January option to \$1.48.

In most all cases, the lowest prices of the day were current at the finish of trading. Nervousness among holders of corn was especially prevalent, and the December delivery showed a further loss since morning of a full cent, many of the last minute sales being at 1.48 1/2, about 25c under prices obtained less than a week ago.

THE WEATHER

MONDAY, AUGUST 4

By Associated Press Leased Wire

Illinois—Partly cloudy weather, possibly with local thunder showers or night or Tuesday; continued warm.

ROUNDHOUSE MEN MAY UNITE WITH THESE WORKERS

45 Percent of Shipmen Are Out-Climax is Due Wednesday.

By Associated Press Leased Wire
Chicago, Aug. 4.—Every roundhouse worker in the United States may be asked to join the general strike of the Federated Railway Shopmen's Union according to information given out today at the Chicago headquarters of the organization. Plans for asking the assistance of the roundhouse employees were said to be under consideration at meeting of the union leaders.

L. W. Hawver, president of the Chicago council of the Federated Railway Shopmen's union said that between 250,000 and 300,000 are out in the country and that the number in increasing hourly. He says about 45 per cent of the entire membership of the union has obeyed the strike order and predicts that before Wednesday night 80 per cent of the members will be out.

Traffic Will Be Paralyzed

President Hawver declares that within a week the strike will tie up both freight and passenger traffic in many sections for the reason that every locomotive has to be overhauled and repaired after every trip to be kept in good condition.

Two hundred shopmen employed by the Chicago junction railway and 100 from the Chicago and Western Indiana railway walked out today. Officials of the Illinois Steel company at South Chicago said today that the shopmen's strike had seriously interfered with the operation of their plant. The output in several departments has been largely curtailed. R. H. Ashton, regional director of railroads for the northwest region said today that the strike thus far had not seriously interfered with either freight or passenger traffic.

By Associated Press Leased Wire
Chicago, Ill., Aug. 4.—The strike of federated railway shopmen which entered on its fourth day today and has already involved approximately 250,000, will soon spread to every section of the country, local officials of the union declared today, unless their demands are speedily met.

The ranks of the strikers were augmented by several thousand yesterday, many others being said to join today, while locals at a number of important railway centers, including Kansas City, Mo., were to ballot during the day on the question of going out.

In some cities the locals at mass meetings decided not to strike until orders came from their executive officials who are now in Washington in conference with officials of the railroad administration.

The most serious tieup of industry caused by the shopmen's strike was reported from Gary, Ind., where eight of the twelve blast furnaces there of the United States steel corporation were

(Continued on Page 5.)

HUNGARIANS ARE READY TO ABIDE BY TRUCE TERMS

Allied Powers to Give Them Every Chance to Form Policy.

By Associated Press Leased Wire
Copenhagen, Aug. 4.—Premier Clemenceau, president of the peace conference, replying to a wireless message from the Italian military mission at Budapest, declares that the supreme council of the peace conference does not intend to interfere in the internal policy of the Hungarian government, and adds that Rumania will be asked to halt her forces on the line which has been reached and will not be asked to withdraw her troops to the line fixed on June 13 until the new government at Budapest has strictly confirmed the conditions of the armistice between Hungary and the allied powers, according to a Vienna dispatch received here.

The Italian commander, it is said, has sent a reply to M. Clemenceau stating that the new government is prepared to fulfill the armistice conditions as speedily as possible and that it requests the allied and associated powers to lend support by each power sending one regiment to Budapest. It is suggested that this be done in such a manner that the movement of the troops should not partake of the nature of intervention, but would be more of a voluntary demonstration.

A Budapest dispatch received here reports that the Rumanian commander has notified the Hungarian military authorities that a Rumanian commission is on its way to Budapest to negotiate an armistice.

RUMANIAN TROOPS OCCUPY BUDAPEST, BELA KUN FLEES

Allies Representatives Unable to Prevent City's Fall.

By Associated Press Leased Wire
Budapest, Aug. 4.—Budapest was occupied today by Rumanian troops who advanced from the river Theiss in spite of representations made by Lieutenant Colonel Romanelli, the Italian representative of the allies at Vienna.

RUMANIANS IN BUDAPEST.

By Associated Press Leased Wire
Paris, Aug. 4.—Rumanian troops entered the suburbs of Budapest yesterday, according to a dispatch received here from Vienna.

Suppress Redical Press.

Soviet newspapers in Budapest have been suppressed, according to a dispatch from the Hungarian capital, received here by way of Innsbruck. The city is reported as being calm, the workmen's battalion preserving order there.

KUN NOW IN AUSTRIA.

Vienna, Aug. 4.—Bela Kun, former virtual dictator of Hungary, and his assistants, have been granted asylum by Austria to avoid disturbances and unnecessary bloodshed in Budapest, according to an official statement explaining the presence of Bela Kun in this country. The statement says they will be allowed to remain in Austria under detention, until Hungary is able to receive them again, but will not be permitted to carry on political propaganda.

'FRISCO LAWYER IS BOMB VICTIM; HOME DESTROYED

Oscar Lawler, Former U. S. Attorney May Survive Wounds.

By Associated Press Leased Wire
Los Angeles, Calif., Aug. 4.—Oscar Lawler, formerly assistant United States attorney general, who was seriously burned early yesterday in a fire following a bomb explosion which wrecked his home, has "a chance of recovery," according to an announcement made early today by attending physicians. They seemed certain of the recovery of Mrs. Lawler who also was badly burned.

The explosion was said by the police to be the result of a desire for revenge by a group of dynamiters he prosecuted some years ago in the middle west.

Fire Envelopes Home

Awakened shortly before 3 o'clock by a terrific explosion, immediately below the second story porch, where they were sleeping and seeing the home enveloped in flames, Mr. and Mrs. Lawler attempted to reach another sleeping porch to rescue their five year old son, Oscar Jr., and his nurse.

They were cut off by the fire. Mrs. Lawler fainted. Her husband took her in his arms and carried her through the flames to a window and lowered her body to an awning which covered a window on the ground floor. From the awning she fell to the ground. Mr. Lawler then jumped, striking his head on the steps. The boy and nurse were rescued uninjured.

Marauders Are Seen

Neighbors told of having seen a mysterious group of men near the Lawler home last Friday night, of footsteps shortly before the explosion; of a slight, gray clad man stopping a number of times in front of the residence, and of a speeding car immediately after the explosion and the bursting into flames of the house.

City, county, state and federal officers are working together in an effort to capture and punish perpetrators of the outrage.

Three explosions were heard at the Lawler house. They were believed to have been caused by a bomb and two five gallon cans of gasoline. Parts of the bombs were found great distances away. People in houses across the street were thrown to the floor by the force of the explosion which broke windows in nearby residences, while it and the following fire practically destroyed the Lawler home.

Ford-Tribune Case to Jury This Week

By Associated Press Leased Wire
Mount Clemens, Mich., Aug. 4.—It was generally predicted today that all evidence in the Henry Ford-Chicago Tribune libel suit would be in by the end of the week and that arguments would be heard next week.

The first witnesses today were J. J. Henkel and Harry Summers, of the employment department of the Ford Motor company, called in rebuttal. Both testified early in the hearing and the questioning today was brief.

AT CAMP STUART, VA.

Pvt. Walter Fallstrom, of Motor Truck Co. No. 2, First Corps, Artillery Park, landed Sunday and is now at Camp Stuart, Virginia. Of the twenty months in the service, sixteen months were spent in France.

TO ASK LANSING ABOUT POLITICAL POINTS IN PACT

Senate Committee Will Hear Secretary on Wednesday.

By Associated Press Leased Wire
Washington, Aug. 4.—Secretary Lansing, who was the head of the American delegation at the peace conference after President Wilson returned home, will be questioned by the senate foreign relations committee Wednesday regarding the political features of the treaty. He also is expected to be asked many questions regarding the league of nations.

Norman Davis, American financial adviser at Versailles, told the committee today that the American peace delegates expressed no opinion as to whether the United States should receive part of the indemnity to be paid by Germany because they felt they were without authority in the matter.

Gave No Intimation

Pressed by committee members to describe the exact attitude of the American delegates, Mr. Davis declared the impression was not given to the peace conference that the United States would ask for no part of the indemnity.

"Nor did we tell them," he added, "that the United States would request a part. We felt we had no authority to do so. I will say, however, that our position there was somewhat different from that of the other nations in that our interests were so infinitesimal directly, as compared to the others. We are not trying to trade for something, but were looking rather to the interests of the whole world."

Mr. Davis said there had been no decision whether the United States would accept German securities in reimbursement for money loaned by this country to Belgium, but that President Wilson had said he would recommend that course to congress.

Two Men Escape From Joliet Penitentiary in Box; Are Captured

By Associated Press Leased Wire
Joliet, Ill., Aug. 4.—Hidden in a specially constructed packing case consigned to a Philadelphia furniture concern, two convicts escaped from the penitentiary early this morning. They were captured later.

They are Daniel Reilly, 21 years old, sentenced for murder for 35 years, and Fred Laumer, 27, serving an indeterminate sentence of from one year to life for robbery. Both were sent to the penitentiary from Cook county.

This box was delivered with a consignment of other freight to the freight house of the Elgin, Joliet and Eastern railroad company. After it had been placed on the receiving platform, the cover held on the inside by means of hooks was removed and the two convicts stepped out and began a flight for liberty.

Special Agent Peter Kiekels of the railroad saw the pair emerge from the box from a distance and gave chase. He fired, slightly wounding Laumer in the back. Laumer did not drop, however, and the chase continued through the yards, steel cars shops and roundhouse. Outside the engine house is a cinder pit 14 feet deep. Not noticing this the convicts plunged into the water and were quickly surrounded by a group of hostlers and engineers who captured them and later turned them over to penitentiary officials.

Rioters Driven From Streets of Liverpool

By Associated Press Leased Wire
Liverpool, Aug. 4.—Riotous crowds were driven from the streets of this city this morning by troops charging with fixed bayonets. The rioters filled the streets during the night and it was not until daylight that the soldiers were ordered to charge.

The Cruiser Valiant and two destroyers have moved into the Mersey river to protect the docks.

The employees of bus and tramway lines failed to report for work this morning. No notice of a strike had been given but it is not believed that the movement was undertaken in sympathy with the policemen's strike.

ON ABANDONMENT CHARGE.

Deputy Sheriff Phillips went to Quincy this morning, where Charles Clothier of Amboy is under arrest on a charge of wife and child abandonment. He will be brought back to Dixon for trial on this charge.

BUDLEY WARD IS HOME.

Dudley Ward, son of Mr. and Mrs. George A. Ward of this city, has returned from army service in France. Mr. Ward was in the 5th division of infantry and served about a year and a half.

Chicago Will Pay More for Its Pie

By Associated Press Leased Wire
Chicago, Aug. 4.—Chicago manufacturers of pies increased the price of their product to retailers today 3 to 5 cents. The price of what is known in the trade as special pies was raised from 30 to 33 cents while the price of extra special pies, which are made from fresh fruits, was increased from 35 to 40 cents each.

Pie bakers declare that the high cost of labor, fruits and other materials made it necessary to increase the price. Many restaurant keepers increased the price of pie to their patrons while others served smaller portions.

SENATE AGRICULTURE COMMITTEE TO TAKE UP H. C. OF L. TUESDAY

Will Discuss Means of Reducing Prices on All Commodities.

By Associated Press Leased Wire
Washington, Aug. 4.—Discussion of the high cost of living was resumed in the senate today immediately after the session opened. Chairman Gronna, of the agriculture committee, announced that he had called a committee meeting tomorrow to discuss measures to reduce the cost of living. He said he had no remedy to offer, but declared that increase of wages and decrease of working hours was not a panacea nor would government ownership or control of utilities solve the problem.

Discuss Wheat Price.

Relation of the price of wheat to the cost of living was debated by several senators. Mr. Gronna denied that the government's wheat price guarantee causes undue prices for bread. He was supported by Senators Kellogg and Nelson, republicans, of Minnesota, who said that wheat was being sold far above the government's guarantee at the principal terminals.

Wheat Crop Not Large.

The three senators predicted that this year's crop would be lower than government estimates. Senator Gronna saying it would be 650,000,000 bushels and not 1,250,000,000 as forecast by the department of agriculture.

Senator Gronna declared that the packers and all dealers in food products "never made higher profits" than they did under the food administration's licensing plan during the war.

Senator Kirby, democrat, of Arkansas, asked if the government grain corporation was not now manipulating prices.

"What is this man Barnes doing?" he asked.

"Mr. Barnes has been criticized in all the wheat states," Senator Gronna answered, for bearing down the price. He has made every possible effort to reduce price.

Senator Nelson said the Canadian government had taken over the wheat crop in that country and "wiped" out Canadian exchanges.

HINES CALLS CONFERENCE

By Associated Press Leased Wire
Washington, Aug. 4.—All railroad officials now in Washington were asked by Director General Hines to meet with him at noon today for a conference on the high cost of living.

Besides the chiefs of the engineers and railway trainmen who already have made demands for increased wages to meet high cost of living, it was expected that the heads of the other two brotherhoods and the organizations of the shopmen and clerks would attend the meeting. Thus a majority of the 2,000,000 railway workers would be represented.

Funeral Director is Loser in Collision

Walter Preston's new Buick sedan was damaged considerably Saturday night about 10:15 o'clock as he was on his way home. He turned the corner of First street and Galena avenue, going north and was running very slowly when a young man driving a car with a Wisconsin license backed up the hill from the curb and ran into the side of the Preston car, badly damaging the right door. The Buick was taken to the Joe Miller garage for repairs.

Clemenceau Praises Paris for War Part

By Associated Press Leased Wire
Paris, Sunday, Aug. 3.—(Delayed.)—Premier Clemenceau has cited the city of Paris in army orders as follows:

"The city of Paris, a capital magnificently worthy of France, animated by patriotic faith which never faltered, bore with firm and smiling courage frequent bombardments by aircraft, and long range guns from 1914 to 1918 and has added countless chapters to her secular glory."

YOUTHS OF 19 TO MAKE UP 740,000 OF RESERVE ARMY

Three Months Training Each Year for Boys—510,000 Regulars.

By Associated Press Leased Wire
Washington, Aug. 4.—Maintenance of one field army with a war strength of 1,250,000 men is proposed in a bill establishing a permanent military policy which was sent to congress today by Secretary Baker.

The active force of this army would be 510,000 regulars while the remainder would be young men who had taken a 3-months' military training course, which would be compulsory for all 19-year-old youths. This reserve strength would be used to fill out the 20th infantry divisions and one cavalry division into which it is proposed to divide the regular army.

By Associated Press Leased Wire

The plan for registering youths of 19 years is the same, with slight modifications, that was applied during the war under the selective service act. The bill provides for the appointment of local and appeal boards, compensation at the rate of \$10 for every day of actual service by board officials, being prescribed.

Exemption from training would be given only to members of the regular army and navy honorably discharged soldiers and sailors and members of the coast guard, mariners actually employed in sea service and "persons permanently physically, mentally or morally unfit for any military service whatever."

Under such exemption clauses, the average number of boys or 19 to be found qualified for training each year would be approximately 600,000. This number from the last annual class to be immediately mobilized at all have been trained would be held ready times.

By Associated Press Leased Wire

Washington, Aug. 4.—Plans for a permanent peace time army of 510,000 officers and men and a system of universal military training were transmitted to congress today by Secretary Baker.

The plans were embodied in a bill which represents the policy of the war department with respect to the peace military establishment. Under the measure all special services built up during the war would be maintained as separate branches except the chemical warfare service, which would be merged with the engineers' corps.

Three months military for youths of 19 would be made compulsory and promotion of officers by seniority would be abolished. Secretary Baker said the war had shown this system of promotion to be defective.

No change in the existing law with regard to the organization of the national guard and its relation to the regular army was suggested. Mr. Baker said it was assumed that the national defense act federalizing the guard would be retained in force.

Freeport Knights of Columbus re Visitors

A committee from the Freeport council of the Knights of Columbus will be in Dixon this evening and attend the regular meeting of the Dixon council. The visiting committee is making a tour of this section of the state seeking the co-operation of the various councils in the promotion of the Landing Day program and observance to be held in Freeport on October 12. Dixon council will be asked to assist in the celebration and the plans will be explained at the meeting this evening.

New Ruling Regarding Lapsed War Insurance

Information has just been received from the national headquarters of the American Red Cross informing returned soldiers that a recent treasury decision provides that lapsed insurance may be reinstated within 18 months of discharge by payment of premium for month of discharge, and premium for months of reinstatement, provided applicant states he is in good health at the time of discharge.

Ira F. Cleaver is Called in Calif. Home

Mrs. Charles Garrison has received word of the death of her brother, Ira F. Cleaver, who died at his home in San Jose, Calif., July 30. His wife, several children and several other sisters survive him. He was in his seventy-second year and death resulted from paralysis.

LARGEST CROWD OF SEASON HEARD SEN. LEWIS AT DIXON ASSEMBLY

Auditorium Well Filled to Listen to Argument for Big League.

CHANGE IN ASSEMBLY PROGRAM WEDNESDAY

A change, of necessity, has been made in the Assembly program for Wednesday. Owing to the inability of the Alpine Yodlers and Singers to make train connections to arrive here in time for their two performances the Assembly management has secured at an additional expense Rodeheaver and Mathews who will give two exceptionally fine programs, afternoon and evening. Rodeheaver is Billy Sunday's musical director and one of the greatest trombone players in the country. He is also a great singer.

Snow would not have surprised the writer early Saturday morning at Assembly park, but at the time of this writing, weather conditions were ideal—cool enough for comfort; warm enough for swimming.

At the morning devotional, Rev. A. B. Leamer, D. D., of Des Moines, Iowa, delivered an address on "The Manhood of the Church Organized for Service." From the standpoint of the Lutheran Brotherhood of America, of which organization he is executive secretary, he brought a message dealing with getting men interested in the church, and church problems. In order to interest the men, we must present something bigger than mere financial and social obligations, he said, but we must present a challenge to their Christian Manhood. As his lecture of the day before, he discussed the "Unfound Talent" which lies in every church.

At 11:00 a. m., Rev. G. W. Genzler, A. M., addressed the meeting on "Visions that Disturb Contentment." It was an inspiring address, and Rev. Genzler gave very appropriate illustrations drawn from history, as from the Bible: "Joseph's Dream"; or the visions of Lincoln or Napoleon. He brought out the difference between visions and dreams: Dreams are merely an overplus of the mind during sleep, while visions embrace an ideal or goal.

In the afternoon, the Y. M. C. A. Quartette, Dixon, Ill., gave an excellent musical prelude in the Assembly Hall to a large audience. Their numbers were well received by the audience, and especially the old favorite, "Mother Machree." These young men are already well known in their community, and are very competent in their line. The tenors are Messrs. Dorman and Charles Anderson, the basses, Messrs. Elmer Rice and John Ives. It is hoped that they will appear again on the program.

Cleveland Mayor Spoke. The lecture of the afternoon was given by Fred G. Bale, on "The Destiny of Democracy." As the youngest mayor in Ohio, he received wide publicity and has been in public work ever since. He speaks from the heart as well as from the intellect. As prosecutor in the Juvenile Court of Columbus he has had unusual advantage in observing the trend of the future citizenship of America. His lecture was interesting, fiery and instructive. His opening words were, "Civilization marches forward on the feet of little children. The child of today is the State of tomorrow." It consisted of a plea for greater efficiency in a Democracy.

After an enjoyable prelude by the Dixon Municipal band, which has appeared before on the Assembly program, Col. B. M. Chipfield of Canton, Ill., lectured on World Conditions. Col. Chipfield left a most lucrative law practice and enlisted among the earliest of American volunteers for military service. He was promoted to Colonel, and was in charge of the work of the

ASSEMBLY EVENTS

THIS EVENING
7:30 p. m. Prelude, The Florentine Musicians.
8:10 p. m. Lecture, Douglas Malloch.
He is the man who wrote "Today," America's most widely quoted present day poem. He is announced as a stimulating, invigorating, refreshing and delightful optimist and a humorist of the first rank.

TOMORROW
10:00 a. m. Devotional Service.
10:30 a. m. Mission Study Class, "The Process of Assimilation," Mrs. Hallie L. Hill.
2:30 p. m. Music and Readings, The Chautauqua Preachers' Quartette.
They are four Methodist preachers who can sing and their voice blending is quite superb. Mr. Holland is a genuine throat whistler and the reader.
4:30 p. m. Mission Study Class, "Medical Missions in India," Mrs. Hallie L. Hill.
8:15 p. m. Music and Readings, The Chautauqua Preachers' Quartet.
9:20 p. m. Moving Pictures.

Judge Advocate Department for the U. S. Army in France. He is an eloquent speaker, and his experiences on the battle front have been most interesting and enjoyable.

Sunday.
Sunday's program at Assembly began with Sunday school in Chautauqua Hall at 9:30 a. m., Theo. Throuth, superintendent; Rev. and Mrs. W. F. Rex assisted in the service. The offering for both the Sunday school and morning worship service went to the Nachusa Orphanage, at Nachusa, Ill.

Following Sunday school, morning worship was held, Dr. R. B. Peery, giving the sermon. His text was, "In all things, Christ should have pre-eminence." As Mount Everest stands on the backbone of the world, so Christ should stand pre-eminent among men. Miss Marjorie Slothover, of Dixon, sang a solo which was well received by the audience, and after the sermon, Benton Peery, well-known in Kansas musical circles, and a pupil of Myra Belle Vickers, of Kansas City, Mo., rendered, "Open the Gates of the Temple," which pleased the big audience.

The biggest audience yet seen at Assembly Hall this year gathered yesterday afternoon to hear Ex-Senator Jas. H. Lewis, of Illinois, who gave his celebrated lecture on the "League of Nations." Ex-Senator Lewis is a man well-known in this part of the country, and his subject involves the greatest adventure of civilized nations. In his opening remarks, he said that he appreciates this effort for a Church Assembly which enables the public to hear from their countryman discussion on questions of moment. "It has long been a hope of civilization that there might be devised some plan that will remove war between nations," says Mr. Lewis. "The hour has come when these plans, under way for some time, can be transformed from the theory of expression into a practicality." Also, "No one can truthfully say that Wilson was the sole author of this League of Nations, when it has been the idea of our two former presidents, Roosevelt and Taft." In the matter of voting, he said that in the colonization of America, if each state had taken the attitude that many men are taking concerning the league, that today we would not have such an organization as the United States of America. In the matter of armaments, not one word was said against the plan until the little clause was inserted prohibiting private manufacture of arms for sale to governments.

After the lecture, the Dixon Symphony orchestra, already known in Assembly circles, gave a short program which everyone enjoyed. A special feature of the program was a trombone solo, "Somewhere a Voice is Calling."

and an encore, the Rosary, which greatly pleased the audience.

In the evening the Florentine Musicians, a quartette of artists organized to present the best in the field of novelty music and entertainment, gave a very interesting program. Andrew Visocchi is known as one of the greatest masters of the concert accordion; Miss Olga Capucio, a violinist, is exceedingly popular in concert work in the east; Miss Rosamond Wright, pianist, has won laurels in the world of music in extended concert tours, and Miss Sara Dyer, reader, is a splendid interpreter of both serious and light literature. The violinist played the well-known Meditation from "Thais," which was well received by the audience. Mr. Visocchi made a decided "hit" with the audience with an arrangement of operatic selections, including the Anvil Chorus, Il Trovatore, etc., and responded to an encore with the recently popular, "I'm forever blowing bubbles." The combination of these four fine artists in a company of such unusual character affords an opportunity for the best in music and a maximum of cultured entertainment.

Show Patriotism is Its Own Reward

During the war it was usually expensive to be patriotic, and life was just one privation after another. But now, in the period of settlement and readjustment, there is one patriotic duty that does not mean sacrifice, and the man who performs it by hiring a soldier will find that patriotism is its own reward.

For the ex-service man, according to tests, is better fitted for the world's work, both mentally and physically, than he was when he went to war.

Therefore, that patriotic employer who welcomes soldiers and sailors into his business organization, will not only be doing the men a good turn, but he will, by so doing, inject new energy into his office and thus raise the standards of efficiency.

These tests have been made by the War Department as a key to the task of placing in civilian employment the four million men who are to be returned to the United States. Col. Arthur Woods, assistant to the secretary of war, is in charge of the government's gigantic employment plan, and makes public the figures which have been obtained relative to the condition of returning soldiers and sailors.

The figures show that 64 per cent of the men manifest actual and tangible improvement both in physical and mental vigor. Their perceptions have been quickened, their nerves have been disciplined, their backbone has been stiffened, and they are in general better stuff than they were when they went away. Of the remaining numbers, a large percentage have shown no actual retrogression, while a few have been shocked and wearied by the strain. These latter, however, are not discharged until everything possible has been done to restore them to normal, so that all the men who are sent out as applicants for work by Col. Woods and his assistants represent the finest type of labor that could be found anywhere in the country, men with sound bodies, keen minds, and a ready spirit.

Brief Summary of Last Night's News

By Associated Press Leased Wire
On Board the U. S. S. New Mexico—Six deadnoughts of the Pacific fleet

were severely shaken Saturday by an earth shock off the coast of Mexico. No damage was reported.

PARIS—The supreme allied council sent a message to the Rumanian government, requesting that the Rumanian army, along the Theiss river, cease its advance on Budapest.

KANSAS CITY, Mo.—Willis E. Davis of San Francisco and H. Van Dyke Jones of Berkeley, Calif., won the title in the men's doubles of the western championship tennis tournament.

LONDON—The town of Onego on the north Russian front has been captured by anti-bolshevik forces.

COBLENZ—The Prussian government, according to American reports, plans to organize a "police" force of 100,000 to 300,000 trained soldiers solely as a force to suppress disorder.

WASHINGTON—Income tax returns were filed by 3,472,890 persons for the calendar year of 1917. Taxes paid totaled \$675,249,450.

NEW YORK—Five thousand marines who distinguished themselves at Belleau Wood and Chateau Thierry arrived on the steamer George Washington.

NEW YORK—The draft rule, by which major baseball leagues obtain for a stated sum players from the minor leagues is regarded by minor leagues as "a thing of the past," said David L. Fuld, president of the International Baseball league.

Chicago Lines Ask for Fare Increase

By Associated Press Leased Wire
Chicago, Aug. 4.—Application for permission to raise street car fares in Chicago to meet the increase of 17 cents an hour granted employees last Friday when a four days' strike was settled, was made by the traction companies to the state public utilities commission which opened a hearing today.
The new rate asked for is eight cents for elevated lines—an increase from six—and seven cents for surface companies which now charge 5 cents. The surface lines also asked permission to charge an additional one cent for transfers.

Healo—good for the feet.

Subscriptions to the Telegraph must be paid in advance.

British Navy Gives Pageant on Thames

By Associated Press Leased Wire
London, Aug. 4.—The important role played by the British sea services during the great war was commemorated today by a naval pageant on the Thames, the day marking the fifth anniversary of the historic mobilization of the British fleet. Plans for the event, while giving recognition to the allied and associated powers, laid stress on the fact that this was a purely British occasion and the union Jack and the banners of St. George, St. Patrick, St. Andrew and St. David predominated in the decorations along the river side.

WILSON BACK IN CAPITAL

By Associated Press Leased Wire
Washington, Aug. 4.—President Wilson returned to Washington early today from a week end trip down the Potomac on the Mayflower. He had no engagements for the forenoon and was understood to be devoting his attention to the high cost of living problem.

Business men in need of job printing should call Home Phone No. 5. Our representative will call on you.

DOCTOR TELLS HOW TO DETECT HARMFUL EFFECTS OF TOBACCO Try These SIMPLE TESTS

New York: Doctor Connor, formerly of Johns Hopkins hospital, says: Many men who smoke, chew or snuff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the use of tobacco, and thousands would soon get well if they would only stop the use of tobacco. The chief habit forming principle of tobacco is nicotine, a deadly poison which, when absorbed in the system slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis blindness or even cancer or common affliction known as tobacco heart. If you use tobacco in any form you can easily detect the harmful effects by making the following simple tests. Read aloud one full page from a book. If in the course of reading your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, walk up three flights

of stairs at a regular pace, then stop. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew or snuff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug, nicotine. In either case you have just two alternatives—keep on with the self-poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco, the craving will have left you. With the nicotine poison out of your system your general health will quickly improve.

Note—When asked about Nicotol tablets, one of our local druggists said: "It is truly a wonderful remedy for the tobacco habit; away ahead of anything we have ever sold before." We are authorized by the manufacturers to refund the money to every dissatisfied customer, and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol tablets are sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Public Drug Co.

Quickest & Most Direct Route to Northern Michigan

OPPORTUNITY

Into every man's life, at some time or other, comes a big opportunity.

The successful man today, is the man who was ready when his opportunity came—the man who had the money laid aside with which to take advantage of the opportunity.

Suppose your opportunity should come today? Would you be able to take advantage of it? If not you are acting in a way that is unfair to you and your dependents.

Start a Savings Account today at this bank and then when Opportunity knocks at your door you'll be able to open it and let her in. We pay 3 per cent interest and your deposits are well protected by our ample resources.

Our business has increased nearly two and a half times in four years.

There's a Reason!
Business stays where it is well treated

UNION STATE BANK

SUDDEN JARS DO NOT AFFECT KELLASTONE

When you consider the building of a new home, plan wisely for long life as well as artistic beauty. Plan for permanence and everlasting utility—construction that will stand firm against the strains and stress of time, wind and weather.

The rumbling vibrations of traffic are only a part of the jars, shocks and strains that the walls of your building must be able to withstand. Imperfect wall construction inevitably means quick deterioration and costly repairs—so guard well the strength and permanence of your walls by building with

KELLASTONE
IMPERISHABLE STUCCO

The original magnesite Stucco—does not contain gypsum, lime or Portland cement. It sets up as hard as rock; adheres to the surface like the skin on your hand, it is absolutely fire-proof; immune to cold, heat and wear and weather. KELLASTONE walls stand firm—lasting as the pyramids—always retaining their brilliancy.

Old frame or brick houses can easily be transformed into handsome, modern, artistic homes by overcoating with KELLASTONE. It forms a perfect bond with the wall surface. No need to remove the old siding. All the work is done without disturbance to the occupants. A volume of valuable information is contained in booklet—"The Story of KELLASTONE." May we send it?

Society

COMING EVENTS

Tuesday
Luther League—German Lutheran Church.
Baldwin Auxiliary, U. S. W. V.—G. A. R. Hall.

Thursday
Ladies' Aid Society—German Lutheran Church.
Hoi Polloi Club Meeting—Miss Nell Fuestman.

TO GIVE DANCE HERE—

Back from France, where they taught the French waltz music really was—and by the way, it made a great hit with the French—Elinor Ragoman, a part of the 125th A. Overseas band, from Clinton, Ia., are continuing to delight people with the light and airy syncopations. They will come to Dixon for the first time on Thursday, August 7th, and will give a dance that evening in Rosbrook's hall. Through-out their program they will introduce many novelties.

VISITED AUNT—

Glenn Eschelman and friend, motor-ing from Elgin to Mount Carroll where they will visit at the home of the former's uncle, Frank Myers, stopped in Palmyra yesterday and was a guest at the home of his aunt, Mrs. Harvey Myers. Mr. Eschelman returned on June 10th from France where he was in the Red Cross Ambulance service.

TO PROPHETSTOWN—

Mr. and Mrs. W. J. Thompson left yesterday for their new home in Prophetstown after a visit at the home of their brother and sister, Mr. and Mrs. R. W. Thompson. They formerly resided in Chenoa, Ill.

DAY IN FREEPORT—

Hollis Prescott, Mr. and Mrs. Shelby Cortright, Mr. and Mrs. Geo. Prescott and family, and Mrs. Bryan motored to Freeport yesterday and spent the time at the home of Mr. and Mrs. Homer Prescott.

RETURNED FROM VACATION—

Miss Mary Johnson has returned to her work at the O. H. Martin store after a three weeks' vacation. Part of which was spent in Geneseo with friends.

AT COUNTRY CLUB—

Mr. and Mrs. Henry Noble, Mr. and Mrs. O. H. Martin and their guests, Mr. and Mrs. Raymond McGowan, of Cleveland, and Miss McAllister, of Sycamore, enjoyed Sunday evening luncheon at the Country club.

PRAIRIEVILLE SOCIAL CIRCLE—

The Social Circle of Prairieville has postponed its meeting, which was to have been held this Wednesday, until August 20th, when it will be held at the home of Mrs. Gilbert Glessner, at

AID POSTPONES—

The St. James' Aid society, which was to have met with Mrs. Geisler on August 6th, has postponed its meeting until August 13th, when it will be held at the same place.

AT DINNER—

Miss Emma Brown entertained at dinner yesterday Miss Hazel Weiss, Theo. Boynton, recently released from the navy, and Ensign Archie Chadwick, of the navy.

GUESTS AT LUNCHEON—

Mrs. C. A. Ogden and daughter, Miss Marjorie, who are here from Wells, Minn., were Sunday evening luncheon guests at the home of Mr. and Mrs. James Lohr.

RETURNED TO PENNSYLVANIA—

Miss Myra Derr and Miss Lena Bart-hold returned Saturday to Mannheim, Pa., after a several weeks' visit here with the former's mother, Mrs. William Harkins.

FROM COMPTON—

Mr. and Mrs. Frank Florschuetz and sons, Max and Dale, of Compton, were guests at the home of the former's parents, Mr. and Mrs. John Florschuetz, on Sunday.

ATTENDED ASSEMBLY—

Mr. and Mrs. Harold Stevens and Arthur Gehant, of Ashton, motored here Sunday to attend the Assembly. Mrs. J. O. Webster accompanied them upon their return to make a visit in Ashton.

TO CHICAGO—

Miss Henrietta Florschuetz will go to Chicago Wednesday to visit friends. Her mother, Mrs. John Florschuetz, will join her daughter in the city Thursday to spend the day.

AT LOWELL PARK—

Mr. and Mrs. Irving Countryman, Miss Ruth Overstreet, Miss Myrtle Rice and Charles Bishop were dinner guests last evening at Lowell Park lodge.

FROM AMBOY—

Mr. and Mrs. Harry Gascoigne and children, of Amboy, were guests Friday at the home of Mr. and Mrs. Wilbur Warner.

BALDWIN AUXILIARY, U. S. W. V.—

A meeting of Baldwin Auxiliary, U. S. W. V., will be held Tuesday evening at 8 o'clock in G. A. R. hall.

AT "WILL DO" CAMP—

The Betts Saten Bowman and Murphy families, of Sterling, will camp at the "Will Do" camp, owned by Joseph Miller, this week.

WITH MRS. SHEETZ—

Little Miss Alma Leifheit, of Mendota, is a guest at the home of her great-aunt, Mrs. Lawrence Sheetz.

HOT POLLOI CLUB—

Miss Nell Fuestman will entertain the members of the Hoi Polloi club on Tuesday evening of next week.

FROM BELLOIT—

Mr. and Mrs. Chris Schmidt, of Beloit, Wis., are visiting relatives here.

COBLENZ IS CHOSEN AS HEADQUARTERS OF AMERICANS OVERSEAS

Pershing Selects Place Before Preparing to Sail About Sept. 1.

Coblentz, Saturday, Aug. 2.—(Delayed) (By Courier to Paris)—Coblentz will become the headquarters of the American forces in Europe when American grand headquarters in Paris are closed about August 20, it became known today when General Pershing arrived here on his final tour of the battlefields. Antwerp will be the base port for the American contingent that is to remain on the Rhine indefinitely.

General Pershing said he intended to sail from Brest about September 1. It was said to be probable that the composite regiment of picked men that marched in the Paris and London victory parades will sail with the American commander in chief.

Discuss New Force
General Pershing arrived here yesterday and spent the afternoon with Maj. Gen. Henry T. Allen. They discussed the personnel of the permanent garrison that is to remain here after the departure of the Third division next week, and the first division the middle of August. General Pershing said the area to be occupied by the Americans on the Rhine has not been determined by the inter-allied council but that a decision is expected soon.

The French have virtually completed plans to take over the districts to be evacuated by the homeward bound American units.

General Pershing spent today visiting the First division which is on the east bank of the Rhine and is preparing to turn over the bridgehead proper to French forces about August 15.

First To Sail Soon
First division units, according to the present schedule will begin sailing from Brest during the last week in August. Officers said they expected the entire division to arrive in the United States just before General Pershing reaches there.

General Pershing, accompanied by Major General Hines and Brewster and Brigadier General Connor, will leave here tonight to complete a tour of the battlefields where Americans fought.

Wednesday Children's Day at R. R. Assembly

Wednesday will be Children's Day at the Rock River Assembly, and afternoon and evening boys and girls under 15 years of age will be admitted free to hear the programs by the Alpine Singers and Yodlers, who will give two concerts of interesting and varied selections.

Lester Pankhurst, of Temperance Hill, was in Dixon Saturday.

WANTED—Girl at Robbins & Pools laundry. 18113

SANDRA THE JEALOUS

By JANE PHELPS.

SANDRA RESPECTS HER HUSBAND'S WISHES CHAPTER XXXVII

We were rather early, but the place soon filled up. The music was delightful, and I scarcely could keep my feet still. Soon people commenced to dance. As I never had seen dancing in the daytime, I was so interested in watching them that I almost forgot to eat or that I was supposed to talk to the others.

"We will have a turn as soon as we finish," Barrett Edmonds said, as he noticed my interest. Then he turned to Mrs. Sloan: "Mrs. Graham is a wonderful dancer, as light as a thistle-down."

I blushed at his praise, but said regretfully: "I won't dance today, thank you."

"Why not?" it was Alice Sloan who asked the question. "Everybody dances at Rappelye's."

"Really, do you mean that you will not dance?"

"Really I mean it," then I explained, stammering a little: "Mr. Graham does not like me to dance in a public place."

"What's the matter—afraid he'll lose you?" Alice asked, but Barrett made no remark.

"Perhaps," I tried to say it brightly, but I failed. It seemed that I never had wanted to do anything so badly in my life as I wanted to dance with Barrett Edmonds.

"You won't mind if Barry and I do?"

"No, indeed! I shall love to watch you," which was quite true. I loved to watch people dance. That is if they were graceful. And I knew that both Alice Sloan and Barrett were.

When we had finished they rose and, with a laughing apology, left me alone.

"Not dancing, Mrs. Graham?" I looked around at the voice and it was that far Mr. Leveridge. I hoped he wouldn't sit down, but he did, saying: "It's too bad to leave you alone. Shall we take a turn?"

"No, thank you, I'm not dancing," I replied, glad that I could say so honestly, as I recalled Barrett's desire that I treat this man nicely because of their business relations—and almost reconciled to not being able to dance with Barrett when I remembered how Mr. Leveridge trod on my toes and how miserable he made me when I danced with him at Mrs. Norton's.

"Not dancing?" in surprise. Then "I thought you were a devotee of that particular indoor sport."

"I do love to dance," But Mr. Graham does not approve of my dancing in public places.

"And like a good wife you refrain Graham is getting mighty particular, but I don't know that I blame him. You are too attractive, too noticeable with that wonderful hair to let out alone. I am surprised he allows you to lunch without him."

I was on the point of telling him that Leveridge was away, and that it was my first luncheon without him in a public place. But his tone was rather nasty, and I just kept it to myself. He could think what he pleased.

He chatted a moment with Alice and

Barrett, said something he thought facetious about my being such a demure little wife, then returned to his own table, just a little ways from us. My back had been toward him, which accounted for the fact that I had not seen him until he spoke to me.

We had coffee and then Barrett and Alice danced again. I was afraid Mr. Leveridge would come over again but he didn't. When the music was soft I distinctly heard him say to his companion, a man of about his own age:

"Yes, Graham's second wife. Looks enough like the first one to be her sister. That one led him a pretty dance. I can't quite make this second one out. She's awfully young and unsophisticated, and he's pretty strict with her I imagine. She wouldn't dance because he didn't want her to. The first one would have danced all the afternoon. But she was a peach. There wasn't a man in our crowd that wouldn't have crawled on his hands and knees for Leola Graham. She was the most fascinating creature I ever have seen. No wonder he loved her—and was so insanely jealous of her—I never thought he would marry again."

"Wasn't there some gossip about him and Irene Alston?"

"Yes. Everyone thought if he ever married, she would be the second Mrs. Graham. But—well, she's not young and I guess Graham is ready to settle down with a family. It looks like it to me, marrying that child. He is—just then the music swelled louder and I could catch nothing more altho I listened intently.

Was I never to get away from that Leola, that first Mrs. Graham? A fierce jealousy of her, her influence over Barrett, her ability to do as she pleased, possessed me. I was his wife just as

much as she had been, and I hardly dared make a move for fear of displeasing him. Again I muttered as I always did when thinking of her:

"It isn't fair! I won't stand for it! I'll be indignant too."

We left immediately after that—Barrett Edmonds promising to come up the next afternoon to try my new songs; and Alice and I making an appointment to lunch at Rappelye's again in a few days.

Tomorrow—Sandra Finds Life a Puzzle

Traction System Men Join Carmen's Union

By Associated Press Leased Wire

Decatur, Ill., Aug. 4.—The entire membership of the trainmen's organization of the Illinois Traction system, numbering about 400 men, withdrew from affiliation with the Brotherhood of Interurban Trainmen Monday morning and joined the Amalgamated Association Street and Electric Railway Employees of America. It was announced here by the local union today. The amalgamated association is affiliated with the American Federation of Labor.

It is understood the interurban trainmen will ask formal recognition of the new order at once and within a few days will also ask a new agreement which it is said will include an advance in wages.

AT WAMBLEY BROTHERS.
Mr. and Mrs. J. W. Crawford and Ralph Lievan and wife were visitors last week at the home of the Wambley brothers, northwest of Polo, where they inspected the wonderful collection of firearms and other articles which are on exhibition there.

THE TEACHER'S PAY ENVELOPE.

Consider the teacher in the actual
work of the classroom.If any relationship in life may be
called sacred, surely it is that wherein
one person is purposely, deliberately
and authoritatively moulding the char-
acter of another.There is a certain morale—perhaps
better called "atmosphere"—of the
class-room which is essential if violence
is not done to the sacredness and suc-
cess of teaching. If that atmosphere
is absent, another takes its place and
infinite harm is done.It goes without saying that the sim-
ple factors of proper nourishment and
good health tone are underlying neces-
sities in any work whatever. They are
preeminent requirements in a situation
where one spirit is trying to furnish in-
spiration, ambition and vision to oth-
ers. A half-fed priest might inspire his
flock on a day of fasting. On all other
days he must be robust and quick in
thinking, clear and precise in his men-
tal processes, and never-failing in pa-
tience and cheerfulness. As a priest,
any man lacking these qualities would
be an utter failure.There is no priest or minister in the
broad land whose daily work calls for
a more trying adjustment of spirit to
spirit than that which is continually
demanded of the teacher. The giving
to others of wisdom, guidance, inspi-
ration, ambition, good cheer, a will to
conquer and succeed—this heavy spiri-
tual strain and drain is peculiarly char-
acteristic of the teaching profession.In what manner does America equip
her teachers to perform such a func-
tion in the making of the common
wealth?By under-feeding; by cutting off the
possibilities of wholesome recreation
and mental diversion; by restricting
helpful social contacts; by destroying
the hope of personal improvement; by
putting legitimate ambition under ban;
by creating a condition of life—of mind
and body and social outlook—that is
continually depressing and repressing
—by such treatment does America pre-
pare her teachers to carry daily to the
class-room a vigorous, contented, cheer-
ful and inspiring spirit! It is prover-
bial in America that teachers are "tired
teachers."Does it work? Can teachers stand up
to the demands of their profession on
salaries which pay only 55 per cent of
the actual cost of living?It never has. It never will. It is
humanly—physically and spiritually—
impossible.As a national educational policy it is
deliberately suicidal.Present is Proper
Time to Repair CarHow about your motor car? Of
course, you let her lose class somewhat
during the war. It was unpatriotic to
use labor or paint on your car at a time
when American industry was working
at top speed to produce the material
necessary for the winning of the war.But the war is over. Labor is no
longer scarce. In fact, there are 10,000
soldiers being dismissed every day from
the service, and these men will have
rather a difficult time of it until the in-
dustries of the country can reinstate
them into civilian jobs. Now is the
time to spruce up that motor car, to
put that necessary coat of paint on and
to overhaul it generally. You will be
doing a patriotic service to the country
in getting a soldier or two to do this
work for you. Colonel Arthur Woods,
Assistant to the Secretary of War, rec-
ommends the employment of ex-service
men for such reconstruction work.There is no more need for emergency
economy. Minor repairs add to the life
of things. Paint adds life to the body
of the car. Spruce up your engine.
Renew those worn parts. Your car will
go quicker, will run smoother, and wear
on it will be lighter.Materials are expensive now—paints,
machine parts, cost more than they
used to a few years ago. But they will
save more than their value in their
service to the car.Don't wait for materials to come
down. They won't. Rather is the con-
trary to be expected. And if you wait
a little too long, you will have to put
on an extra coat of paint, and more
part will wear out. "Spruce up" your
car now.

How a Popular Automobile Road Looks to the Farmer the Morning After a Holiday.

PEOPLE'S COLUMN

THE BRIDGE QUESTION.

There seems to be so much misun-
derstanding about the bridge question,
that I believe the taxpayers ought to
know the provisions of the street rail-
way company franchise on the matter.
I am therefore asking The Telegraph to
print that part of the franchise that
has to do with the keeping in repair,
the driveway of the bridge.

Section XXVII—Permission and
authority is hereby given to said
company, its successors and as-
signs, to use the bridge now ex-
tending across Rock River for the
full period of twenty years from the
passing of this ordinance, or for
such lesser period as said bridge
may remain usable, upon the fol-
lowing conditions:

1st. Said grantee, its successors
or assigns, before laying down any
of its or their tracks upon said
bridge, shall at its or their own ex-
pense, replace the present wooden
joists supporting the present road-
bed and sidewalks, with proper and
sufficient steel joists.

2nd. When said steel joists have
been so placed by the grantee or its
successors or assigns, then the said
grantee, or its successors or as-
signs, then the said grantee, or its
successors or assigns, shall jointly
with the said City of Dixon, replank
said bridge and adapt it to travel,
and shall jointly thereafter main-
tain and keep said bridge in proper
repair and properly painted and in-
spected, the expense to be borne
jointly by the said grantee, its suc-
cessors or assigns, and the City of
Dixon, except as hereinafter pro-
vided; it being understood, however,
that said grantee, its successors or
assigns, shall at all times bear the
cost and expense of planking and
replanking said roadway between
the rails, between the tracks and
for one foot on each side of the
rails, provided that in case said
bridge, or any span or part there-
of, the piers, or abutments, thereun-
der, or any part thereof, shall be
washed away or destroyed, without
the fault of the said grantee, its
successors or assigns, the said
grantee, its successors or assigns,
shall not be required to contribute
or pay anything towards replacing
such portions so destroyed.

3rd. The said grantee, its suc-
cessors or assigns, at all times dur-
ing the use of said bridge, shall
maintain a double track across said
bridge, consisting of "girder" rails,

with a flange not less than two and
one-half inches in width, and the
top of said rails shall be laid on
said bridge only on a level with the
adjacent planking of said bridge,
and at all times planking shall be
kept tightly fitted to the outside of
said rails so that there shall be no
grooves or depressions at that
place.

Now I want to know why the City
Council do not make some effort to see
that the provisions of this section of
the franchise are lived up to. This fran-
chise has something over three years to
run yet and if the street car company
take care of the bridge as they should,
the bridge will be amply safe and ser-
viceable for at least that length of time.
Every taxpayer knows that his taxes
are about at the limit—and will be
higher next year; and that in three or
four years, the prices of bridge building
materials will have settled down to
something like normal. Under such cir-
cumstances, is it not "good business"
to defer the new bridge proposition un-
til that time?

(Signed) R. A. RODESCH.

LADIES' EXTRA SIZE SUITS AND
VESTS AT EDSON'S. 181-41Browns Victorious
at Morrison Sunday

The Dixon Browns showed their best
form in a game at Morrison yesterday
afternoon when they were forced not
only to beat the town team but the
umpire as well in order to come out
at the long end of the count. Between
the two Dixon was allowed but one run
until the sixth when the Browns battled
twice round.

The Morrison twirler, who had been
imported from Clinton in an effort to
defeat the Browns was taken out and
one of the home pitchers used. The
Browns sent 10 representatives across
the rubber in this inning taking the
game by a score of 11 to 2. Elliott did
the pitching for the Browns and held
the Morrison team to five scattered
hits. A large crowd of Dixon fans motored
to Morrison and witnessed the
contest.

See How This Wonderful Oven
Heat Regulator Cuts Kitchen
Work in Half

EVERY housewife knows the many advantages
of gas over other cooking fuels. They know
that gas ranges are the most efficient and most
satisfactory stoves. But many of them do not know of
the radical improvement that is now available—the
"Lorain" Oven Heat Regulator.

This remarkable device actually measures and con-
trols the heat. You need no longer guess at the required
temperature for cooking and baking. You select the
degree of heat you want, set the temperature wheel and
your heat will stay at that exact point—no more, no less.

By controlling the heat, "Lorain" does away with all
"pot watching." You can cook one dish or an entire
meal without going near the stove for hours.

Demonstrations Every Day

Come and see The Clark Jewel Range demon-
strated. Learn how it saves time and work; how it
adds to your leisure and how it makes all cooking better.

Let us prove that these ranges soon pay for them-
selves. We urge you to come soon.

GRAND JURY TO OPEN PROBE OF CHICAGO RIOTS

Little Excitement in Black Belt Since Troops Arrived.

By Associated Press Leased Wire
Chicago, Aug. 4.—Quiet reigned today throughout the danger zone of the recent race riots. The district still is being guarded by 6,000 state troops, 3,000 policemen and 1,000 deputy sheriffs and the indications are that the present force will be kept on duty until all danger of further violence has passed.

In a statement issued today Governor Frank O. Lowden said: "Order has been restored in the danger zone. Peace reigns there, but let it be remembered that it is only because of the presence of the troops. The conditions which produced the race riots must be removed. The state is working and has been working for some time upon a plan which it is hoped will bring about a better understanding between the two races. So far it has been difficult to get the public to realize the necessity of this and but little progress has been made. Now, however, with the memory of the awful riots of last week in our minds, with an overwhelming disaster so narrowly averted, we ought to be willing to give our attention to removing the causes of this unhappy situation. I invite the cooperation of all public bodies in Chicago in working out the problem."

By Associated Press Leased Wire
Chicago, Ill., Aug. 4.—After the calmest night in the "black belt," for more than a week, the work was begun today of selecting a grand jury before which will come the cases of white men and negroes who are accused of participation in the race riots which caused the death of twenty negroes and thirteen whites, and the injury of hundreds.

The coroner has fixed the number of dead at 33, and the city health commissioner has found that 306 people injured in the riots were treated in hospitals. He expressed the opinion, however, that perhaps 400 or more were injured in the riots never reported at hospitals and consequently the total number of injured will never be known officially.

Riot Report False.
The state troops had little to do during the night in the riot zone, but much excitement was caused early today by persistent reports telephoned into headquarters of the second regiment, that a crowd of 500 men was gathering at South Ashland avenue and West 59th street. When a company of troops reached the scene the crowd had vanished and the soldiers returned to headquarters.

Several thousand negroes who expected to return to work in the stock yards today, after nearly a week's absence on account of the riots must wait until the unrest caused by the disturbances in the district has subsided. After announcing that the colored men would return to work today, superintendents of all the large packing plants decided that it would be prudent to hold the negroes at their homes for indefinite period.

CANDIDATES FOR CIRCUIT JUDGE NAMED IN CONV.

New Statute Will Be in Force at Special Election.

Should Governor Lowden call a special election in the Fifteenth Judicial Circuit to elect a Circuit Judge to succeed the late James S. Eames, the nomination of the candidates for the position will be made under the new law, passed at the last session of the General Assembly, which provides that the various parties shall name their candidates in convention.

Under the provisions of the new statute the delegates to the various party conventions shall be named by the respective county committees, one delegate being allowed for each 400 votes cast for governor at the last general election. Under this provision the delegates to the Republican convention will be:

	Lowden	Vote 1916	Delegates
Carroll	3169	7	
Jo Daviess	3637	9	
Lee	4731	11	
Ogle	5571	13	
Stephenson	5793	14

NATIONS LEAGUE DISCUSSED; MANY HEAR ARGUMENTS

(Continued from page 1.)

The American soldiers on the battlefields during the recent conflict proved conclusively that they were at least the equal if not far superior to any fighting force ever assembled and that the knowledge of that fact, disseminated as it had been throughout the world was a reasonably certain assurance that no other nation would attack us and that we had not heretofore and did not now care to adopt a policy of aggrandizement. He argued to the effect that this country might now if it saw fit render assistance to any foreign power which might be worthy of aid, while a league of nations as at present contemplated would compel us to furnish soldiers and equipment to fight on foreign soil if called upon to do so, by a majority of the powers, whether the cause was just or otherwise, and no matter whether the differences of those concerned involved us or otherwise.

His address throughout was clear, concise and logical and is receiving splendid compliments from all who were fortunate enough to be present.

Sunday afternoon the largest crowd of the Assembly heard Ex-Senator James Hamilton Lewis, of Chicago, defend the League, and incidentally voice his fear of a war between the United States and Orient, which conflict he said he did not believe the League of Nations will prevent.

The Ex-Senator was introduced by Representative John P. Devine.

Will Fight With Orient.
"The great conflict of America for the future is to be in the Orient," Mr. Lewis said. "The league of nations can postpone it, and for a while avoid it. It may prevent actual warfare, but cannot prevent the issue between the Orient and the United States coming to a contest as to which shall dominate America."

"The demand of those who oppose the peace treaty and are now fighting to prevent the adoption of the peace league—that Shantung, China, should be wrested by the United States from Japan and returned to China—is the beginning of the United States entering into Asiatic disputes which will lead to war."

Monroe Doctrine of East.
"There is no way for the United States to comply with the demand of these gentlemen who cry for the United States to go into Asia and right the wrong which they claim Japan has done China, without sending the United States into Asia to interfere with its affairs."

"It will answer: 'The United States by reason of its Monroe doctrine will not allow Asiatic interference in the affairs of North and South America; if the United States comes into our country to interfere in Asiatic affairs we at once will have the right to enter into Mexico, South and Central America to interfere with American affairs.'"

"Japan will welcome the United States to come into its country in the

attempt to wrest possessions from it which it shows to the world it won from Germany by war.

Just What Japan Wants.
"Then Japan will have us in a position where it can cry to its people that the hour has come when the American invader is attempting to seize territory of Asia, and after depriving Asia of the rights of its citizens to enter the United States upon equality with the world, now comes to Asia to dictate its affairs and to appropriate its territory and to divide it among whom it pleases. Japan can then appear before the world as defending against our assaults."

"At such hour, I warn America now, as I have warned it for years, Japan and China will be one against the United States. Their grievance for excluding their people is the same, and China remembers that we made it pay millions of dollars and once took possession of its rivers."

Will Unite Against U. S.
"China and Japan will be united against America—without regard to the differences between themselves growing out of the Japan-Chinese war—as united as was America against Spain in the Spanish-American war and against Germany in the late European war—despite any differences the north and south of the United States once had against each other."

"President Wilson at the Paris peace conference learned one great truth. That is that the hour is ahead of the United States when it will either abandon its exclusion policy and let Asiatics into its land upon the same terms it lets Europeans, or fight."

"And if to fight it must be prepared to make the fight in such a way as to vanquish Asia and to protect itself against the demands of Asia, the discrimination of Asia, and the vengeance of Asia."

Will Face Big Alliance.
"If such a day comes, fortunate will we be if we do not find that Asia will have an alliance with Russia, its neighbor, and with new Germany, and that all will be a unit—each with its several hatreds, but with common cause, crying for the overthrow and the dishonor of the United States of America. The United States can take from Japan Shantung and restore it to China only through force. Japan is 8,000 miles away."

"The United States can succeed in interfering in Asia only through co-operation of a successful league or nations joining with it."

"Or, if the opponents of the league defeat it, then the United States alone, moving to accomplish the purpose demanded by opponents of the peace treaty, will require 500,000 men at the first advance on the Orient, all of the American navy—England to be indifferent because of its possession in Hongkong, France silent because of its territory in China—and the United States will fight alone."

CAN'T PUNCTURE NOR BLOW OUT

DAYTON AIRLESS TIRES in the past 7 years have been used by thousands of owners of light passenger and delivery cars in all parts of the civilized world, and have conclusively demonstrated:

- 1st—They can't puncture nor blow out.
- 2nd—They ride as smoothly as pneumatics.
- 3rd—They give much longer wear than the average pneumatic.
- 4th—They absolutely will not injure the car.

They have been endorsed by 100,000 or more satisfied users, including the late George Westinghouse and Edward Grey, formerly Chief Engineer of the Ford Motor Company.

Piers of five, elastic rubber built about one inch apart inside the casing and vulcanized or welded to it take the place of an inner tube.

Nothing can happen but wear.

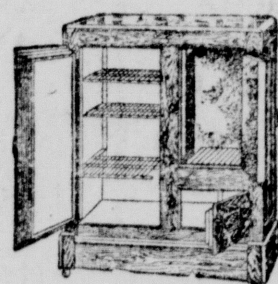

They are made only in 30x3 and 30x3½ sizes but can be used on cars using 31x4.

Write or phone about them as I am the exclusive dealer in this territory.

Anti-Saloon League Not Identified with Anti-Tobacco Move

By Associated Press Leased Wire
Washington, Aug. 4.—Wayne B. Wheeler, counsel for the Anti-Saloon League of America, took issue today with the opinion of Elihu Root, Wm. D. Guthrie and William L. Marbury, counsel for the United States Brewers Association, that the proposed war prohibition enforcement act is unconstitutional. Mr. Wheeler also denied that the league forces intended to start an anti-tobacco campaign.

"The authority of congress to enact the war prohibition law," Mr. Wheeler said, "rests on the provisions in the constitution which gives congress the power to support the army and navy. This power and obligation extends through demobilization. The courts have so held. Congress evidently intended to prohibit all beer and wine in the original act. Some of the courts hold the act does this. Others hold differently. Congress is simply trying to make clear the intention of the original act."

Can Define Liquor.
"It is now well settled by the supreme court that if congress has power to enact a law, it also has the power to enact additional legislation to make the original act effective and enforceable. To define the term intoxicating liquor is necessary to make the act enforceable especially where courts have defeated its purpose by construction."

Referring to charges of the association opposed to national prohibition that the anti-saloon league was actively aiding in a campaign of the W. C. T. U. against tobacco, Mr. Wheeler said:

"The anti-tobacco scare crowd of the anti-prohibition association does not fool anyone. The anti-saloon league forces have no intention to start this crusade. The liquor traffic is a public nuisance. The tobacco habit may be a private or personal bad habit, but it is not in the same class as intoxicating liquor."

One Good Sign.
Jack had just entered the fifth grade. His former teacher of the fourth grade met him one day and asked him how his present teacher liked his class. "I guess she likes us all right," he said, "for she hasn't taken the smile off her face yet."

Subscriptions to the Telegraph must be either paid in advance or the carrier is to collect each week.

BIG LOSS IN FIRE NORTH OF ASHTON SUNDAY EVENING

All Outbuildings on Mrs. Susie Butler Farm Destroyed.

All of the outbuildings on the Mrs. Susie Butler farm about five miles north of Ashton, were burned to the ground last evening, entailing a loss of several thousand dollars. The fire was discovered in the cupola of the new barn which is about three weeks old about 9 o'clock. The now was filled with new clover hay and the fire is believed to have started from spontaneous combustion in the hay mow.

The flames spread rapidly, destroying the big barn, corn crib, cow barn and a hog house. One horse which Adolph Shawbecker, tenant on the farm, was offered \$250 for last week, was burned to death. Neighbors and others who were attracted by the flames assisted and succeeded in getting out almost all of the farm machinery and all of the other animals. Only the dwelling house was saved from the flames.

Bucket brigades worked until daylight this morning protecting the house. Several hundred people were attracted to the scene by the reflection of the blaze against the sky which was clearly visible from Dixon.

Rock Palaces, Petra, Are Without Peoples

Washington, D. C.—"Though Turkey will be dismembered and pushed out of Europe, the Ottoman Empire probably will continue in control of some of the sacred shrines and most precious history spots of Asia," says a bulletin from the National Geographical Society.

"For example, there is the Rock City of Petra, known as the 'side deposit' of caravans enroute with precious wares to Tyre and Sidon—which also contains 'Pharaoh's Treasury.'"

The bulletin quotes from a communication by Franklin E. Haskins describing Petra as follows:

"The highlands east of the Jordan river are strewn with ruins marking the rise and fall of successive civilizations—Semitic, Greek, Christian, Mohammedan, and Crusader. These ruins have been preserved for the modern explorer by the tides of nomadic life, which have swept up from the Arabian desert; but at the southern end of this

no-man's land, deep in the mountains of Edom, lies one of the strangest, most beautiful, and most enchanting spots upon this earth—the Rock City of Petra. Its story carries us back to the dawn of human history."

"In the days of the Nabatheans, Petra became the central point to which the caravans from the interior of Arabia, Persia, and India came laden with all the precious commodities were distributed through Egypt, Palestine, Syria, and all the countries bordering on the Mediterranean for even Tyre and Sidon derived many of their precious wares and dyes from Petra."

"The Rock City was always to these regions and peoples what Rome was to the Romans and Jerusalem to the Jews. Horites, Edomites, Nabatheans, and Romans, have all rejoiced and boasted in the possession of this unique stronghold and most remarkable city of antiquity."

"The entrance to the Rock City is the most striking gateway to any city on our planet. It is a narrow rift or defile, bisecting a mountain of many-hued sandstone, winding through the rock as though it was the most plastic of clay. This slit, or defile, is nearly two miles long. Its general contour is a wide semi-circular swing from the right to the left, with innumerable short bends, having sharp curves and corners in its general course."

"The width of the slit varies from 12 feet at its narrowest point to 35 or 40 feet at other places. Where the gloomy walls actually overhang the roadway and almost shut out the blue ribbon of sky, it seems narrower, and perhaps at many points above the stream the walls do come closer than 12 feet. The heights of the perpendicular side cliffs have been estimated at from 200 to 1,000 feet. Heights, like distances, in this clear desert air are deceptive, but after many test and observations we are prepared to say that at places they are almost sheer for 300 to 400 feet."

"Seen at morning, at midday, or at midnight, the slit, this matchless entrance to a hidden city, is unquestionably one of the great glories of ancient Petra. Along its cool, gloomy gorge file the caravans of antiquity—from Damascus and the East, from the desert, from Egypt and the heart of Africa. Kings, queens, and conquerors have all marveled at its beauties and its strangeness. Wealth untold went in and out of it for centuries, and now for over thirteen hundred years it has been silent and deserted."

"Carved in the face of the cliff, half revealed, half concealed in the growing shadows is one of the largest, most perfect, and most beautiful monuments of antiquity—Pharaoh's Treasury. Almost as perfect as the day it came from be-

neath the sculptor's chisel, fifteen hundred or two thousand years ago colored with the natural hues of the brilliant sandstone, which added an indescribable element to the architectural beauty; flanked and surmounted by the cliffs, which had been carved and tinted in turn by the powers of nature; approached by the mysterious defile—it is almost overpowering in its effect."

ROUNDHOUSE MEN MAY UNITE WITH THEIR COWORKERS

(Continued from Page 1)

banked. It was said 10,000 men were thrown out of employment as a result of the shutting down of these furnaces. The entire force of shopmen employed by the Wabash and the Lake Erie and Western Walked out, according to heads of local unions.

K. C. MEN VOTING.
By Associated Press Leased Wire
Kansas City, Mo., Aug. 4.—Local members of the brotherhood of railway car men, the shop crafts organization are voting today to determine whether they shall respond to the national call to strike. The result of the vote will be announced at a mass meeting of union railway shop men tonight. In the event that a strike is called, approximately 5,000 men will be affected locally.

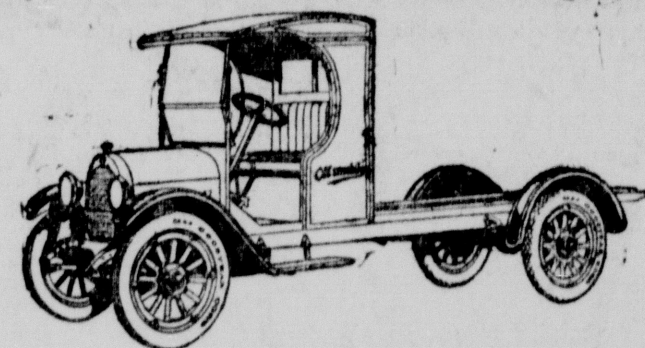

Four hundred shopmen, employed in the Rock Island shops, who struck Saturday, were still out today.

WASHINGTON MEN OUT
By Associated Press Leased Wire
Washington, Aug. 4.—Shopmen, boiler makers and electricians in the Washington yards went out on strike today. Officials at union station estimated about 600 men were out. They said that while all Washington repair work would have to cease, railroad service in and out of the capital would not be affected for the present at least.

LOUISVILLE MEN WORK
By Associated Press Leased Wire
Louisville, Ky., Aug. 4.—Approximately four thousand shop employees of four railroads were at work here today, obeying, their leaders said, orders issued several days ago from the federated railway shopmen's headquarters not to strike pending further efforts to adjust union demands.

FIRST CIRCUS HERE IN MANY YEARS TO ARRIVE REAL EARLY

Tomorrow Will Be Big Show
Day—Large Crowds
Expected.

SHOW ON SEVENTH STREET

It was announced this morning that the Al G. Barnes' Circus will show on the grounds on West Seventh street. The 52 carloads of the Al G. Barnes' big four-ring wild animal circus, which shows here tomorrow, will arrive in the city at daybreak, according to Thomas F. Heney, representative of the shows who arrived here today. And the event, which marks Dixon's first circus in a number of years, will be of more than usual interest to the community. It is the day the small boy has been waiting for, and of course mamma and papa will go "just to take care of the children."

It is an education as well as a delight to watch the arrival and establishment under canvas of a big modern circus; to get up at early dawn and watch the unloading of the long strings of circus cars, follow the procession of horses and wagons to the show grounds, and then linger until the mighty canvases go in the air.

Kiddies will find joy in the lions, tigers, leopards, wolves, bears, hyenas, camels, elephants, zebras and what not from the land of the far away will perform like human beings in big steel cages. A traveling zoo, valued at more than a million dollars, will be camped beneath the white top of the largest circus of its kind in the world.

Al G. Barnes has gathered from all parts of the world more wild and strange animals than any other living circus man. And with his trainers he has educated them to do the very tricks which are performed by human beings in other shows. Hard you say? Ask the girls who comprise his training staff. They've worked months in winter quarters training the jungle brutes to do the stunts they will perform for the amusement of the crowd. It's like a great Roman arena with the glare of the lights, the snapping of whips and pistol shots, and the girls in the big steel cages performing with beat. Daily they tread on the brink of death that people may see just what a tiger, or a leopard can really do when patience and skill are combined in his training. Noted educators the country over have singled Barnes' circus out as an educational feature for children.

The "Grown Folks" find in the deeds of daring a lure and fascination that is hard to overcome. The sole owner, Mr. Al G. Barnes started in the show business some 20 years ago, with a few days and ponies. When asked to what he had attributed his success, he replied: "Hard work, honesty, and giving the public its money's worth."

There will be a two mile street parade leaving the show grounds at 10:30 a. m. Doors to the big show open at 1 and 7 p. m. Big show performances start at 2 and 8 p. m., allowing the visitors one hour to visit the mammoth menagerie, listen to a 40-piece Overseas Marine band and get acquainted with the animal actors.

CIRCUS DAY IN DIXON.

Typical scenes of Circus Day with the Al G. Barnes' big circus which exhibits in Dixon tomorrow.

POLO

Mrs. John Bogardus tripped and fell in the yard at her home the fore part of the week and tore the ligaments in one of her arms and is suffering considerable pain. Mrs. Bogardus is over 70 years old and it will be some time before she will be able to do her housework again.

Mr. and Mrs. Charles Higley spent Sunday at Penrose with relatives.

Henry Fahrney, of Chicago, is visiting his brother, Alvin Fahrney, and other relatives.

Mrs. Nettie O'Kane went to Sterling Monday to see her sister, Mrs. Agnes O'Kane, who is ill.

Mrs. James Rutland and Mrs. Fredward Santee and daughter, Rozella, of

Sterling, spent several days here last week with relatives.

Mr. and Mrs. John Smith and Mrs. Roy Beck motored to Sterling on business Tuesday.

Mrs. Fred Grim underwent an operation Tuesday for a tumor. She is getting along as well as can be expected. Mrs. Susan Folk is visiting her son, Frank Folk, and family, near Wausau.

Mrs. David Grush and daughter, Mabel, who have been visiting relatives here, returned to their home in Falls City, Neb., last Tuesday.

Mrs. Maurice Bernheisel and daughter, Mary Louise, of Milledgeville, spent Saturday evening with Polo relatives.

Mrs. Henry Tice spent several days

last week at the home of her sister, Mrs. S. Sutter of Mt. Morris.

Tony Bondi sold his "Palace of Swags" last week to Messrs. Albert and Forrest Hopkins, who will take possession about September 1st. Mr. Bondi has been in business here for over eleven years. He has no definite plans for the future but his many friends hope that he will decide to remain in Polo.

Arthur Bassett, of Rockford spent last week here in the Loomis Stull and Leslie Holly homes.

Miss Ruth Burke returned home Monday from a two weeks' visit with relatives in Madison, Wis.

The Boy Scouts of the Methodist church left Thursday afternoon for Lowell park where they will camp for ten days.

Mrs. Albert Wendle is quite ill the past week, threatened with appendicitis.

Hol Adams had the misfortune to hurt the ligaments in one of his hands while cranking his car.

Mrs. Fred Finkle, of Sterling, came Wednesday evening to be the guest of Mrs. William Hannis.

Fred Winders of Milwaukee, Wis., same Monday evening on a week's vacation to visit with his parents, Mr. and Mrs. Charles Winders. Mrs. Winders and children, who have been here for several weeks, will accompany him home.

W. R. C. Circle No. 4 were entertained Wednesday afternoon at the home of Mrs. Lawrence Piper.

Mr. and Mrs. Rex Beck and daughter came Wednesday evening to visit their brother, Roy Beck, and other relatives.

Dr. and Mrs. E. S. Thomas who have been visiting with relatives at What Cheer, Iowa, the past week, returned home the middle of this week.

Mr. and Mrs. Lile Bacon are the parents of a 7½ pound daughter, born July 25th.

Mr. and Mrs. Arthur Buzzell and children, of Lyndon, spent from Thursday until Sunday here with Mrs. Buzzell's mother, Mrs. Elizabeth Waterman, and sister, Mrs. Gar Purdie and family.

Mr. and Mrs. Jesse Frye are the proud parents of a son, born Wednesday, July 29th.

Mrs. Kelly of Rockford, is the guest of her cousin, Mrs. William Elmer, for several days this week.

Mr. and Mrs. Jesse Osbaugh were the parents of a son, born Sunday, July 27th. The little one lived but a few hours and was buried on Monday in the West Branch cemetery.

The Polo band gave a concert in Mount Morris Wednesday night of this week.

pany girls held their picnic at Lowell Park Tuesday evening.

Mrs. George Drenner of Polo, entertained one of the W. R. C. Circles at their camp near Grand Detour Wednesday with a fish fry. About twenty were present. The day was very greatly enjoyed by all.

Mrs. Roy Beck went to Freeport Friday morning and will return home Saturday.

Glen Stevenson was quite ill Sunday and was under the doctor's care but is now better.

Born to Mr. and Mrs. Ambrose Kreible on Tuesday, July 29th, a 9-pound son.

Howard Powell of Chicago, is here visiting with relatives.

Mrs. Samsel of Rockford is here to visit her niece, Mrs. Arbutus Tice.

for several days. From here she will go to Mount Morris to visit another niece.

The body of Mrs. John Walker, Sr., of Oregon, was brought here Thursday and buried in the Fairmount cemetery. Mrs. Walker was formerly a Polo resident.

Jay Dodge, son of Dr. and Mrs. P. C. Dodge of Pittsburg, Pa., is here on a few days' visit.

Mr. and Mrs. Lloyd Rees and children are spending their vacation in Freeport with relatives.

Jos. Hoddiger has returned from overseas, has received his discharge, and is now at his home.

Mr. and Mrs. Levi Carpenter spent several days last week in Rockford, the guests of their son, Brandt Carpenter.

George McGrath had his Hudson super-six car stolen from his garage Wednesday night and did not discover his loss until he was called up over the telephone by the Sterling police inquiring if he had his car. A young man whose name was not learned had taken it and was trying to make his getaway when arrested and taken to Oregon by Deputy Sheriffs Sherd Dodson and Bannen of Oregon. Mr. McGrath was fortunate in getting his car back.

Cherry Industry in Wisconsin Written Up

The Telegraph is in receipt of a copy of the Door County Advocate, published at Sturgeon Bay, Wis., sent by George C. Loveland of this city, which gives a length, well-written and illustrated account of the cherry industry there. Hundreds of big orchards supply an enormous crop of cherries each year, and the illustrations clearly show that during picking time it is a decidedly busy community, an army of workers being employed. Mr. Loveland writes that the industry is the largest cherry picking business in the world. Two hundred twenty-five thousand crates were sent to market this year, that being about half the crop, the other half being canned. Mr. Loveland adds that the trees are much smaller than those in this state, and says that a picker can sit on the ground and gather a big harvest.

Looking for a Bargain.

Elizabeth was thrifty. She had her picture taken, and her mother sent her for the proofs. "How much are they, please?" asked Elizabeth, and the photographer announced: "One dollar and a half for the original and 50 cents each for duplicates. Elizabeth pondered a moment, then said: "I think we'll take six duplicates, please."

When the Farmer Has to Plow

THERE comes a time on every farm when work must be done at once if it is to be done at all. It may be plowing, cultivating, harvesting, or housing of the crops. When conditions are right the work must be started and pushed with all possible speed if the farm is to pay a maximum return that season.

Under such conditions the man on the job has no time to go to town, even to get necessary supplies, and no one on the place can be spared for that purpose.

Some times it is necessary to send in for food, seed, or machinery, but for his requirements of petroleum products, the farmer knows that he will be supplied by the dark, green tank wagon of the Standard Oil Company (Indiana) which calls at his home as regularly, though not as often, as does the man who brings his mail.

He has learned that he can depend upon this delivery service, and that the Standard Oil man will deliver his kerosene, gasoline and lubricating oil not only to his door, but, if needs be, to the tractor in the field—there are 150,000 tractors in the Middle West.

This is the reason for the harmonious, close, friendly relations which always has existed between the Standard Oil Company (Indiana) and the farmers of the Middle West. Also this is another reason why the Standard Oil Company (Indiana) takes pride in its position as a public servant, doing an exacting job as well as it knows how, to the distinct advantage of the man who raises the crops, and the millions who eat them.

ed by the Board of Local Improvements and the Council of the City of Dixon, bonds to draw interest at 5 per centum per annum. No bid will be considered unless the party making it shall furnish evidence, satisfactory to the Board of Local Improvements and the Council of the City of Dixon, of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and the surrounding conditions affecting the cost and the nature of the work. Specifications for said work are on file in the Mayor's office and may also be seen at the office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 24th day of July, A. D. 1919.

Signed: THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON, ILLINOIS.

By Robert H. Scott, Their Attorney. 172110

No. 191. NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer with manholes, catch basins and connection laterals for sanitary and storm water drainage purposes in Oak Court and First Street in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance Number 190, Series of 1919, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, until eight o'clock in the evening, August 5th, A. D. 1919, and will be publicly opened by the Mayor of said City of Dixon, (who is President of said Board of Local Improvements) at a joint meeting of the Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at eight o'clock in the evening, the 5th day of August, A. D. 1919. Said bids shall be opened by the Mayor in the presence of a majority of the Council and Board of Local Improvements and shall remain on file in the Mayor's office and be open to public inspection for at least 48 hours before an award of said contract is made to any competitive bidder. At the next regular meeting, following the opening of such bids, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the city and publicly declare the same.

The work for which said tenders are invited is for the construction of 665 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 781 linear feet of 10 inch sewer and storm water pipe laid; 175 linear feet of 6 inch sewer pipe laid;

2 manholes; 3 catch basins; as provided for in Local Improvement Ordinance Number 190, Series of 1919, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$1,500.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

The work for which said tenders are invited is for the construction of 665 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 781 linear feet of 10 inch sewer and storm water pipe laid; 175 linear feet of 6 inch sewer pipe laid;

2 manholes; 3 catch basins; as provided for in Local Improvement Ordinance Number 190, Series of 1919, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$1,500.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

The work for which said tenders are invited is for the construction of 665 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 781 linear feet of 10 inch sewer and storm water pipe laid; 175 linear feet of 6 inch sewer pipe laid;

2 manholes; 3 catch basins; complete, with ten inch outlet pipes and traps; manholes, as provided for in Local Improvement Ordinance Number 188, Series of 1919 of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$1,500.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

The work for which said tenders are invited is for the construction of 665 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 781 linear feet of 10 inch sewer and storm water pipe laid; 175 linear feet of 6 inch sewer pipe laid;

2 manholes; 3 catch basins; complete, with ten inch outlet pipes and traps; manholes, as provided for in Local Improvement Ordinance Number 188, Series of 1919 of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$1,500.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

No. 191. NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer with manholes, catch basins and connection laterals in Jackson Avenue in the City of Dixon, Illinois, as provided for in Local Improvement Ordinance Number 191, Series of 1919, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, until eight o'clock in the evening, August 5th, A. D. 1919, and will be publicly opened by the Mayor of said City of Dixon, (who is President of said Board of Local Improvements) at a joint meeting of the Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at eight o'clock in the evening, the 5th day of August, A. D. 1919. Said bids shall be opened by the Mayor in the presence of a majority of the Council and Board of Local Improvements and shall remain on file in the Mayor's office and be open to public inspection for at least 48 hours before an award of said contract is made to any competitive bidder. At the next regular meeting, following the opening of such bids, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the city and publicly declare the same.

The work for which said tenders are invited is for the construction of 1350 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 480 linear feet of 10 inch sewer pipe laid; 320 linear feet of 8 inch sewer pipe laid; 720 linear feet of 6 inch sewer pipe laid;

3 manholes complete; 3 catch basins complete; as provided for in Local Improvement Ordinance Number 191, Series of 1919, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$2000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

The work for which said tenders are invited is for the construction of 1350 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 480 linear feet of 10 inch sewer pipe laid; 320 linear feet of 8 inch sewer pipe laid; 720 linear feet of 6 inch sewer pipe laid;

3 manholes complete; 3 catch basins complete; as provided for in Local Improvement Ordinance Number 191, Series of 1919, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$2000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

The work for which said tenders are invited is for the construction of 1350 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 480 linear feet of 10 inch sewer pipe laid; 320 linear feet of 8 inch sewer pipe laid; 720 linear feet of 6 inch sewer pipe laid;

3 manholes complete; 3 catch basins complete; as provided for in Local Improvement Ordinance Number 191, Series of 1919, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$2000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

The work for which said tenders are invited is for the construction of 1350 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 480 linear feet of 10 inch sewer pipe laid; 320 linear feet of 8 inch sewer pipe laid; 720 linear feet of 6 inch sewer pipe laid;

3 manholes complete; 3 catch basins complete; as provided for in Local Improvement Ordinance Number 191, Series of 1919, of the City of Dixon, Illinois.

Each bid for this improvement must be accompanied by a certified check or cash for an amount not less than 10% of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the President of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified check will be held by said Board of Local Improvements until all the bids have been examined and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and Council of the City of Dixon.

A bond of \$2000.00 will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon.

The work for which said tenders are invited is for the construction of 1350 cubic yards of excavation and backfill; 360 linear feet of 12 inch sewer pipe laid; 480 linear feet of 10 inch sewer pipe laid; 320 linear feet of 8 inch sewer pipe laid; 720 linear feet of 6 inch sewer pipe laid;

CORN TAKES BIG DROP AS OWNERS UNLOAD STOCKS

By Associated Press Leased Wire
Chicago, Aug. 4.—Big breaks in the price of corn resulted today from a decided broadening out of selling pressure. Most of the selling was on the part of the owners discouraged by the general movement to reduce the cost of foodstuffs and other necessities. There was much other selling, however, by commission houses and speculators, with buyers hard to find. Opening quotations, which ranged from 1/4¢ to 1/2¢ lower, with Sept. 1.80 1/2 to 1.82 and Dec. 1.51 to 1.54, were followed by sharp further setbacks that soon amounted to as much as 8¢ in September and 6¢ in December.

Oats tumbled with corn. After opening 1/4¢ to 1/2¢ off at 72 3/4 to 73 1/2 September, the market rallied a little, but then descended lower than before. Provisions shared in the general weakness. Lard and pork were especially depressed.

Chicago Livestock.

By Associated Press Leased Wire
Chicago, Aug. 4.—Hogs receipts 20,000; mostly 25c to 40c lower; heavy weight 21.00@22.75; medium weight 21.00@22.85; light weight 21.00@22.80; light light 21.15@21.85; heavy packing sows, smooth, 20.25@21.00; packing sows, rough, 19.00@20.00; pigs 18.75@20.25.

Mr. and Mrs. Victor Buck and brother and Miss Grace Fischer, a niece, who have been visiting at the home of Mr. and Mrs. August Pohle for two weeks, have returned to Chicago, their home, at the home of Mr. and Mrs. Pohle, having motored out from Chicago.

Two Soldiers Home—

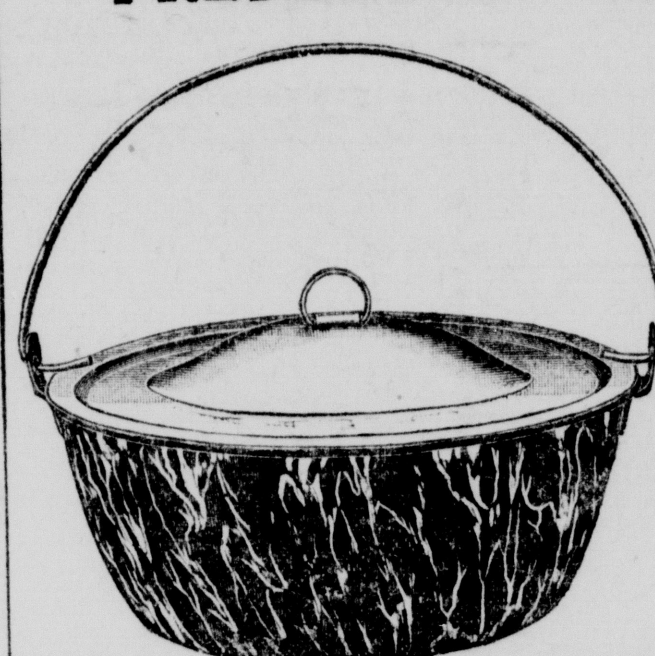

William Rollins and William Bradley, both of Dixon, arrived home last evening from New York where they landed recently from the Martha Washington after a long period of overseas duty with the U. S. Army. Mr. Rollins, who received his discharge at Camp Mills, Long Island, has seen many months duty with the 41st division, 163rd Infantry guarding prisoners in France, Belgium and on the Italian border.
